## Tone & Glow Facial Cream

Skinimalism Tone & Glow has been created with ingredients shown to restore a youthful luminosity and texture to skin.

Featuring a collagen-boosting power duo, innovative peptide and ethically sourced natural ingredient, skin is globally protected and improved as wrinkles and inflammation are reduced and firmness increased. Skin is left with a natural, healthy glow after just days of application.

Trade Name	Benefit in Formula
BEAUACTIVE® + Retinol GS 50 DSM	A multi-functional collagen-boosting power duo that synergistically helps to increase collagen III production 5 times more than Retinol alone.
SYN-GLOW® DSM	A synthetic peptide that works with your skin to bring out its natural healthy glow by helping to boost UV-induced melanin production and stimulating innate antioxidant properties.
Ethicskin™ Provital	A multi-functional, well-aging active sourced and produced under a high standard-ethos of sustainability and ethics. Provides global benefits including skin smoothing, anti-inflammation, glow and firmness.
Neossance® Squalane Aprinova	A lightweight, sustainably sourced emollient provides anti-aging benefits such as wrinkle reduction and elasticity improvement.
Neossance® Hemisqualane Aprinova	A non-volatile, sustainably sourced emollient, provides a light and dry feel performing as an alternative to petroleum-based hydrocarbons and LMW silicones.
Carrot Oil Provital	An oily extract from the roots of the <i>Daucus carota sativa</i> plant rich in carotenoids, Vitamins E and A, fatty acids and minerals. Aids in the prevention and controlling of the production of free radicals and lipoperoxides while having anti-aging and colorant properties.
